Hello Greg,

Can you please print off the attached document and sign the bottom of the last page?

Then, to send it to me, it goes face up in the copier. Select Email, then select my name from the drop down list after you hit the Star at the top of the Email screen and Send.

Thank you very much,

Karen

Hi Karen,

If you click the “view the workflow history” link at the bottom of this message, you will see that Mr. Sopkin electronically signed this letter.

However, when you look at the actual letter (downloaded from sharepoint and attached) you’ll notice that a signature does not appear on the letter.

While I’m still learning about our workflow and e-signatures, I thought some sort of signature stamp would appear on the memo.

Your thoughts? Can you work with Mr. Sopkin on signing the attached and send back to me?

Approval has completed on CFR 147 Variance.
